## South Dakota Archaeological Society

This is the 1st issue of *To the Point*, the newsletter of the SDAS, in 2026. *To the Point* is generally published in March, June, September, and December. Membership to the South Dakota Archaeological Society is from January 1 through December 31 and provides a quarterly newsletter, the annual journal *South Dakota Archaeology*, as well as irregular announcements, participation to some archaeological digs, and voting rights at the annual meeting. Annual meetings held each fall may include field trips, workshops, reports on South Dakota archaeological activities, and a keynote speaker at the banquet. Currently three local chapters, Sioux Falls, Black Hills, and Vermillion, exist and hold monthly meetings; other chapters may be formed. The annual meeting rotates hosts each year. Each chapter meeting usually includes a business session plus a guest lecture, film, or presentation.
